HISTORY

Calculate the historian Francisco Silvestre Vañó the Filá of Estudiants was founded in 1869. According to D. Enrique Beneyto Bernácer the filaes of Estudiants must be rooted in the student battalion during the war of independence fought against Napoleon.

The first written records we keep are a few poems and a "Embassy of Laughter" in 1873. From that time many poems and songs have been writing to Estudiants.

THE BOARD
